PROFESSIONAL SUMMARY

UI/UX Designer with 4+ years of experience transforming user needs and business requirements into intuitive, pixel-perfect digital experiences across web, mobile, and desktop platforms. Expert in Figma — including components, variants, Auto Layout, and scalable design systems — with a strong ability to bridge design and front-end development. Hands-on experience with HTML, CSS, and JavaScript for front-end-ready design handoff. Proven track record in enterprise and SaaS products, AI-powered design workflows, usability testing, and stakeholder collaboration. Passionate about responsive, accessible design and continuously improving user experience.

EXPERIENCE

UI/UX Designer

Jan 2025 – Present

Appstation Pvt Ltd, Technopark, Trivandrum

- Translate complex client requirements into intuitive UX solutions for GCC-region clients across Government, Fintech, SaaS, HRTech, Media, and Events domains.
- Create wireframes, user flows, and high-fidelity mockups in Figma using Auto Layout, components, variants, and smart components for scalable design systems.
- Leverage AI-powered design workflows including Figma MCP to accelerate design delivery and iteration cycles.
- Deliver front-end-ready specifications (HTML, CSS) enabling pixel-perfect developer implementation.
- Manage stakeholder expectations and collaborate across cross-functional teams in fast-paced, demanding project environments.

UI/UX Designer

Apr 2023 – Nov 2024

Beinex Consulting Pvt Ltd, Infopark, Kochi

- Designed a leading enterprise Governance, Risk, and Compliance (GRC) SaaS product across web, mobile, and tablet — achieving a high client success rate.
- Built and maintained a scalable Figma design system ensuring consistency and faster delivery across all product touchpoints.
- Collaborated closely with development teams for pixel-perfect, responsive, and accessible UI implementation.
- Ran usability testing sessions and refined product concepts through competitive analysis and iterative, feedback-driven design.

UI/UX Designer

Oct 2021 – Apr 2023

OrisysIndia Consultancy Services LLP, Technopark, Trivandrum

- Designed visual interfaces for web apps, mobile apps, and websites in Education and IT & Technology domains.
- Delivered end-to-end design artifacts: requirement gathering, user flows, wireframes, high-fidelity mockups, and interactive Figma prototypes.

- Translated designs into front-end-ready specifications and collaborated with developers for seamless, pixel-perfect handoff.
- Partnered with project managers, BA teams, and clients to align designs with user needs and business goals.
